Some federal COVID-19 related grant funds changed from being funded through COVID grants ARPA federal dollars. DHSS requests ARPA approp to utilize these funds that pertain to a Disease Intervention Specialist (DIS) program and a program to monitor the health of infants with congenital exposure to COVID-19. Without these approps the funds cannot be used in FY 24 and pertinent grant activities will cease. DHSS also requests authority for new ARPA grant funds for outreach, innovation, and program modernization efforts to increase participation in and redemption of benefits in the Special Supplemental Nutrition Program for WIC. DHSS received additional ARPA funding from CDC to support Immunization Information Systems during the COVID-19 response, and requests additional authority to utilize these funds.

The Department of Health and Senior Services (DHSS) is the recipient of the Public Health Infrastructure, Workforce, and Data Systems grant. Current FY 2023 appropriations were based on estimates prior to the department receiving information on the actual grant award. Now that the grant has been awarded and the department has developed a budget, additional federal PS appropriation authority is requested to meet the specific needs to the grant.

Missouri Coroners Training Fund
Section 10.790

Page 139

Description: Section 58.208, RSMo, was created by HB 2046 and passed during the 2020 Regular Session. This statute establishes the Missouri state coroners’ training fund, providing that the fund is to be used by the Missouri Coroners’ and Medical Examiners’ Association to provide training to coroners. This funding will be generated from a statutorily required one dollar fee collected for each certified copy of a death certificate issued in Missouri.

Description: The State Public Health Laboratory operates specialty units in Jefferson City and Poplar Bluff. These laboratories provide services to physicians, veterinarians, law enforcement officers, local and district health personnel, hospitals and private labs. Lab staff conducts serology, virology, mycology, bacteriology, parasitology and chemistry testing; analyze water, milk, food and beverages; and perform newborn metabolic screenings. The State Public Health Laboratory serves as a training facility and reference laboratory for the department and other medical professionals and institutions in the state. This section also funds evaluation programs for municipal, hospital and private laboratories and certifies the supervision and operation of breath alcohol analyzers. The State Public Health Laboratory is the principal laboratory for the investigation of suspected bioterrorism incidents.

In 2022, Missouri voters approved Amendment 3, which legalized cannabis for adult recreational use. In compliance with the new constitutional provisions, DHSS is creating the Division of Cannabis Regulation to consolidate resources for the newly created Adult Use program and the modified Medical Marijuana program.

DSDS will create a living document with a ten year framework enabling a guiding vision for policies and programs supporting aging with dignity. This item includes a contracted coordinator from UMKC to draft a plan based on feedback from an assessment survey. This coordinator will need knowledge and experience with principles and practices of program planning and project management, attend a minimum of 12 in-person meetings across the state, craft, review, and analyze data from facilities, survey responses and stakeholder feedback to develop the Master Plan in coordination with DHSS. DHSS anticipates funding will be needed through FY 25 to allow for media and printing of the final plan and an initial draft will be due 9/25 and a final draft for the Governor by 12/31/25.

Home and Community Service Programs (Adult Protective Services and NME Program)

Section 10.805

Page 459

Description: This section provides temporary protective services for eligible adults who have been victims of abuse, neglect, or financial exploitation. DHSS staff authorizes and arranges for short-term services to allow individuals to remain in their homes and communities. These in-home services can include personal care, nurse visits, adult day health care, respite care, home delivered meals, and counseling. This core also includes Non-Medicaid Eligible Consumer Directed Services Program (NME), transferred by Executive Order 05-10 (2005) and modified by SB 74 and 49 (2005), SB 1084 (2006), and SB 577 (2007). This program provides services for consumers who are not eligible for Medicaid services to access state funding and direct care to meet their personal care needs. Individuals must meet annual eligibility requirements regarding income and assets and need assistance with activities of daily living. State statute places a cap on this program. No new participants may be enrolled. The program will sunset June 30, 2019.

ARPA granted states formula-based awards to be utilized on APS. Second round award of \$2,979,772 will enhance to the APS infrastructure and this request represents additional authority needed above the funding received for the first round. DSDS will use this funding to continue the efforts initiated with the earlier COVID APS federal grants, including: Collaboration with AAAs to assist victims in accessing needed goods and services; part-time staff focusing on quality assurances of investigations received during pandemic; public outreach resources; training and professional development for APS staff; initiatives expanding APS best practices: enhance the safety preparedness through safety equipment and training; IT system enhancements; procure resources to ensure effective implementation of projects; acquire a Telehealth-type service.

DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division of Senior and Disability Services
Head Injury Community Rehabilitation and Support Services
Section 10.805

Page 463

Description: This section provides funding for assistance in locating, coordinating and purchasing rehabilitation and psychological services for individuals who have reached their 21st birthday and survived a traumatic brain injury. Treatment services include evaluation; an assessment of needs; information and education on the cause and effects of traumatic brain injury and preventing secondary conditions; service plan of interventions to meet the needs; assistance in locating and accessing services such as medical care, housing, counseling, transportation, rehabilitation, vocational training, cognitive/behavioral training and regular evaluations and updates of the service plan. The program goal is to enable survivors to return to a productive lifestyle in their local community. Traumatic brain injury survivors whose income is less than 185% of the federal poverty level are eligible for rehabilitation services when no other funding source is available.

This funding is requested to compensate for the rate change in FMAP. Each year, the Centers for Medicare and Medicaid Services (CMS) revises the percentage of Medicaid costs the federal government will reimburse to each state. FMAP varies by state and is based on criteria such as per capita income. The new FMAP rate is released in October/November each year. The FY24 blended FMAP rate is 66.005% and the EFMAP blended rate is 76.205%.

DHSS, DSDS provides services to over 60,000 individuals through the HCBS program. The HCBS provision in the ARPA increases the federal matching rate (FMAP) for Medicaid HCBS spending by 10% from 4/1/21 through 3/31/22. Funds are required to supplement what is available under the state's Medicaid program as of 4/1/21, and must be expended by 3/31/25. The funding will be utilized to continue the following HCBS initiatives in FY 24: Prescribed Pediatric Extended Care (PPEC) - formerly known as Medically Fragile Daycare Model, HCBS Case Management System, and HCBS Reassessment Partnerships.

DSDS has received a second ARPA long-term care ombudsman award of \$340,041 to use through 9/30/25. The MO LTCOP is federally mandated by the Older American's Act with the DHSS being the operating entity in MO and advocates for the rights 55,000 residents in 1,164 long-term care facilities. The LTCOP relies heavily on mostly older volunteers to sustain the program and many have reduced participation due to risk of COVID-19 exposure. These volunteers make regular visits to nursing facilities and are the direct advocates for those residents and due to a volunteer shortage, there's an even greater need for paid Ombudsman.

TAFP SB 275 from the 2019 legislative session created the Senior Services Growth and Development Program within the Department of Health and Senior Services (DHSS). The Senior Services Growth and Development Program (SSGDP) Fund was established pursuant to Section192.385.4, RSMo, to provide additional funding for senior services delivered through the area agencies on aging in this state. Funding is to be utilized solely for enhancing senior services provided by Area Agencies on Aging (AAA) of which 50 percent must be applied to development and expansion of senior center programs, facilities, and services. DHSS will disburse the funding to the AAAs utilizing the current federally approved intrastate funding formula.

DHSS has secured additional funding from CMS to complete recertification surveys and investigate Non-Immediate Jeopardy (NIJ) complaints. State survey agencies are required to regularly conduct recertification surveys. Due to COVID-19 restrictions and an overall increase in the number of complaints, the state is experiencing an increased volume of overdue NIJ complaints and recertification surveys. Additionally, MO is experiencing a high volume of vacant RN surveyor positions responsible for conducting surveys and complaint investigations. With a larger workload and a shortage of RNs available to conduct surveys, the impact the state can make on the overdue surveys within the current budget is minimal.

SB710 passed during the 2022 session requires DHSS, DRL to create a program that monitors and collects required items for registration of each supplemental heath care services agency (SHCSA) that conducts business in MO health care facilities, and to promulgate rules to adopt the provisions of the legislation and create forms to implement the process. It requiries SHCSAs to provide health care facilities documentation that each health care personnel contracted meets all licensing, certification, educational, and background check requirements for the position they will be working. Staff will conduct annual inspections of each registered SHCSA to verify compliance and investigate complaints filed on a SHCSA. Quarterly, any SHCSA that contracts with a Medicare/Medicaid certified health care facility must submit detailed lists of their average charges to each contracted facility for each individual health care personnel category and payments made by the SHCSA to health care personnel. The number of SHCSA registrations submitted and number of compliance inspections and complaint investigations is unknown, but could be over 1,000. Inspections and investigations conducted by the DHSS could either be virtual or in person.

Federal Statutory and Regulatory Citations: Sections 1819 and 1919 of the Social Security Act and 42 CFR 488.433 require state survey agencies to use CMP funds entirely for activities that protect or improve the quality of care or quality of life for residents. CMP fund use must be approved in advance by CMS. 42 CFR 488.433 also requires a core amount of CMP funds to be held in reserve for emergencies, such as relocation of residents. This request is for an increase in appropriation authority to \$5 million. With the current appropriation authority, there is little opportunity to fund other CMP Projects if funds are available.

Funding is requested to implement HB 2331 (2022), which requires the Department of Health and Senior Services (DHSS), Division of Regulation and Licensure (DRL)) to add trauma centers to the list for which the DHSS provides the specified services and allows site reviews of trauma, stroke, or ST-Elevation Myocardial Infarction (STEMI) centers to occur on-site or by any reasonable means of communication, or by any combination thereof, and requires the site reviews to occur once every three years. Further, the bill removes the requirement for STEMI centers to submit data to DHSS and requires DHSS to access such data through national data registries or data banks.

In 2022, Missouri voters approved Amendment 3, which legalized cannabis for adult recreational use. In compliance with the new constitutional provisions, after accounting for administrative costs, remaining funds are split to support DHSS substance use disorder(SUD) programs, costs of expungement, and veterans' health care services. DHSS will distribute these funds to their various SUD programs.
